MONOGRAMMING OPTIONS

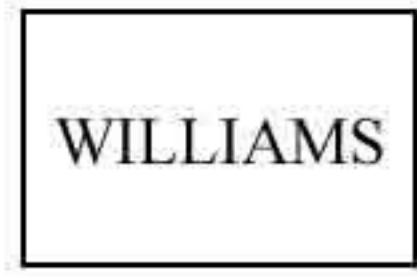

FOR COUPLES WITH THE SAME LAST NAME:

Traditional 3-letter monogram for a couple with the same last name, Chuck and Ella Williams.

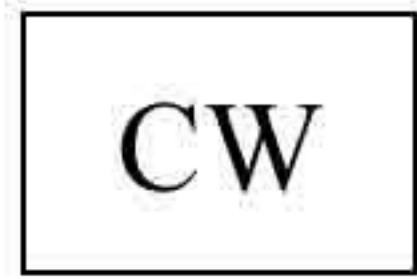

For Chuck and Ella Williams, keep it simple and elegant. We recommend using "M" for McLean, "O" for O'Connor and "V" for Van Dyck.

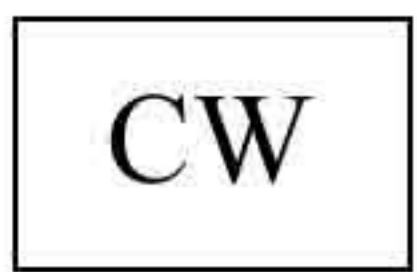

For products that offer personalization, using the entire family name is an elegant option, or use a single "W" for products that offer monogramming.

FOR COUPLES WITH DIFFERENT LAST NAMES:

For couples with different last names, such as Ella Cantor and Edward West, a 2-letter monogram in the order of their choice is recommended.

FOR COUPLES WITH HYPHENATED LAST NAMES:

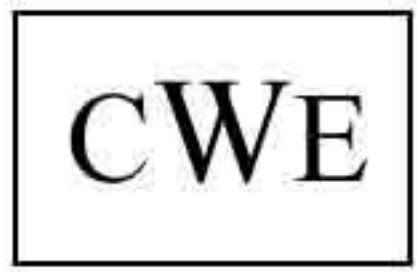

For couples with the same hyphenated last name, such as Chuck and Ella Cantor-Williams, a 2-letter monogram in the order of their choice works best.

For couples with different hyphenated last names, such as Ella Cantor-Fitzgerald and Chuck Williams-Smith, a 2-letter monogram in the order of their choice works best.

FOR INDIVIDUALS:

Three-letter monogram order for Chuck Edward Williams for monogram style with a larger middle letter. Traditionally, a married woman's maiden surname initial should be used in place of the middle initial.

Three-letter monogram for Chuck Edward Williams for monogram styles in which all letters are the same size.

Two-letter monogram options for Chuck Williams, who does not have a middle name.
