RECIPIES

Mixing Tips

• Always read entire recipe and measure all ingredients before beginning the mixing process.
• For best results, do not measure flour directly from the bag. Pour into a container or bowl, scoop out the flour and level with the back of a knife or spatula. For flour stored in a container, stir before measuring.
• Eggs, butter or cream cheese combine more thoroughly at room temperature.
• Remove butter for recipe first and cut into ½-inch pieces, then measure out remaining ingredients for recipe. This will hasten the warming process. Do not warm butter in a microwave unless instructed to do so. Microwaving can melt butter; melted butter will change the final product.
• The best cheesecakes are made when the eggs and cream cheese are at a similar room temperature. While the Cuisinart® Power Advantage® Hand Mixer can easily mix cold cream cheese, the trick is not to add too much air, which can cause cracking.
• For best results, use heavy cream, cold from the refrigerator, for whipped cream.
• For best results, whip egg whites in a spotlessly clean stainless steel or glass mixing bowl. If available, use a copper mixing bowl. Chocolate chips, nuts, raisins, etc., can be added using Speeds 1 or 2 of your hand mixer.
• To separate eggs for any recipe, break one at a time into a small bowl, gently remove yolk, then transfer egg white to spotlessly clean mixing bowl. If a yolk breaks into the egg whites, reserve that egg for another use. Just a drop of egg yolk will prevent the whites from whipping properly.
• To achieve the highest volume when whipping egg whites, the mixing bowl and beaters must be spotlessly clean and free of any fat, oil, etc. (Plastic bowls are not recommended for whipping egg whites.) The presence of any trace of fat or oil will prevent the egg whites from increasing in volume. Wash bowl and attachments thoroughly before beginning again.

Lemon Ginger Scones

Not too sweet, these scones are a perfect match for a steamy cup of tea in the morning.

Makes 8 scones

2½ cups cake flour, plus more for shaping
2 tablespoons granulated sugar
1½ teaspoons baking powder
¼ teaspoon baking soda
1 teaspoon kosher salt
Grated zest of 1 lemon (about 1 tablespoon)
6 tablespoons unsalted butter, cut into ½-inch cubes, room temperature (for about 5 to 10 minutes, be sure the butter is not too soft)
1 cup buttermilk
1 large egg
¼ cup chopped, candied ginger
Egg wash (1 large egg plus 1 teaspoon water, whisked well)

Turbinado sugar, for sprinkling

1. Put the flour, sugar, baking powder, baking soda, salt, and zest in a large mixing bowl. Mix the dry ingredients on Speed 1 to fully combine. Reserve.

2. Put the buttermilk and egg in a small bowl. Mix on Speed 1 to combine. Add the butter to the dry ingredients and mix on Speed 3 until mixture is shaggy. Reduce the speed to 1. With the mixer running, slowly add the liquid ingredients, and then the ginger, until just combined; do not over-mix.

3. Pour the mixture onto a clean counter/large cutting board. Form the dough into a 10-inch cylinder. Using a sharp knife, cut into 8 even rounds. Place on a parchment-lined baking sheet. Cover lightly and transfer to a refrigerator to chill for a minimum of 1 hour, or up to overnight.

4. Once chilled, preheat oven to 400°F with the rack in the middle position. Brush each scone with egg wash and sprinkle with the turbinado sugar.

5. Bake in preheated oven for about 25 to 30 minutes, or until golden brown. Allow to cool before serving.

Cake:

- Unsalted butter, softened, or nonstick cooking spray
- 2 cups unbleached, all-purpose flour
- 1 teaspoon baking powder
- 1 teaspoon kosher salt
- 14 tablespoons unsalted butter, cut into 1-inch pieces, room temperature
- 1 ¹⁄³ cups granulated sugar
- 3 tablespoons grated lemon zest
- 4 tablespoons vegetable oil
- 4 teaspoons fresh lemon juice
- 2 large eggs, room temperature
- 1 large egg yolk, room temperature
- ²⁄³ cup sour cream, room temperature

Icing:

- 1 cup confectioners’ sugar, sifted
- 3 tablespoons heavy cream
- 2 tablespoons fresh lemon juice

Pinch fine sea salt

1. Preheat oven to 350°F with the rack in the lower third position. Lightly coat a 9 x 5 x 3-inch loaf pan with softened butter or nonstick cooking spray; reserve.

2. Put the flour, baking powder, and salt together in a small mixing bowl. Mix on Speed 1 until well sifted, about 30 seconds. Reserve.

3. Put the butter into a large mixing bowl and using Speeds 2 to 4, cream butter until softened. Add the sugar and lemon zest. Mix well, using Speeds 2 to 5, until very light in color, about 2 minutes.

4. Combine the oil, lemon juice, eggs, yolk, and sour cream in a small bowl. Mix on Speed 1 to combine.

5. While mixing on Speeds 1 to 2, gradually add one-third of the dry ingredients to the butter/sugar mixture, and then half of the wet ingredients, alternating until all of the ingredients are added and well mixed.

6. Transfer the batter to the prepared cake pan and then place in the preheated oven. Bake until cake is set in the middle and a cake tester comes out clean, about 1 hour and 10 minutes.

7. Allow cake to cool in pan on a cooling rack for about 10 to 15 minutes, and then remove from the pan and immediately wrap in plastic wrap to cool a bit further.

8. While the cake is cooling, prepare the lemon icing. Put all of the icing ingredients into a small to medium mixing bowl and, using Speeds 1 to 3, mix until completely smooth, adding more sifted sugar or cream to achieve desired consistency.

9. Once the cake is mostly cool, place it on the cooling rack atop a baking pan (or foil or parchment, something that will catch excess icing). Drizzle or spread over cake as desired. Allow icing to set and cake to cool completely before cutting and serving.

Bacon and Swiss Quiche
An American take on the classic French Quiche Lorraine, we substitute bacon for the traditional lardons.

Makes 10 to 12 servings
½ recipe Pâte Brisée (recipe follows)
8 ounces thick-cut bacon, diced
1 small shallot, finely chopped
1 cup half & half
4 large eggs
Pinch kosher salt
Pinch freshly ground black pepper
1 cup finely shredded Gruyère cheese
(or another similar Swiss cheese)
1 tablespoon thinly sliced chives

1. Preheat oven to 350°F with one rack in the lower position and one rack in the middle position.
2. Roll out the rested pâte brisée dough and fit it into a 9-inch tart pan with removable bottom. Prick the bottom and sides of the dough with the tines of a fork, being sure to not pierce the dough all the way through. Line the dough with foil, and then weigh it down with pie weights (dried beans or rice work just as well). Place the tart pan in the lower position of the preheated oven and bake for 25 minutes, or until the dough no longer looks wet. Carefully remove the foil with weights and then top with the shredded cheese. Sprinkle the chives on top of the cheese.

5. Put the half & half, eggs, salt, and pepper into a medium mixing bowl. Mix on Speeds 2 to 3 until completely combined, about 1 minute; you want to be sure there are no flecks of egg yolk.

6. Place the cooled tart pan onto a rimmed baking sheet (this will make it easier to transfer to the oven). Sprinkle the bacon and shallot evenly on the bottom of the blind-baked tart shell. Pour the half & half/egg batter over the bacon and shallot and then top with the shredded cheese. Sprinkle the chives on top of the cheese.

7. Carefully place the filled shell on the pan onto the middle rack of the preheated oven. Bake until it is just set around the edges, but still a little jiggly in the center, about 20 to 22 minutes.

8. Remove and allow to cool slightly before slicing and serving.

Spinach Artichoke Dip

A bit of a twist on the standard spinach artichoke dip, for the more grown-up palate. The combination of Gruyère and Parmesan gives the dip a pleasant nuttiness. No special pan required – we found that using a pie plate was the best and quickest way to warm this dish.

Makes 2 cups

Olive oil or nonstick cooking spray
12 ounces cream cheese, room temperature and cut into 1-inch pieces
2 ounces Gruyère cheese, finely grated
1 ounce Parmesan cheese, finely grated
1 garlic clove, finely chopped
½ small shallot, finely chopped
8 ounces frozen, chopped spinach, thawed and drained well
1 can (15 ounces) quartered artichoke hearts, drained
2 tablespoons heavy cream
½ teaspoon crushed red pepper

1. Preheat oven to 350°F with the rack in the middle position. Lightly coat a 9-inch pie or cake pan with olive oil or nonstick cooking spray; reserve.

2. Put the cream cheese in a large mixing bowl. Mix on Speed 3 until softened, about 30 seconds. Add remaining ingredients and mix on Speed 1 to fully combine, about 20 seconds.

3. Transfer mixture to the prepared pie/cake pan and place in the oven. Bake 20 minutes, and then broil for an additional 6 to 8 minutes, or until top is nicely browned.

4. Serve immediately with pita chips, crusty bread, and crisp vegetables.

Creamy Mashed Potatoes

This recipe is a bit of a blank canvas. We keep it simple, but it can easily be changed by adding mix-ins or toppings, such as chopped chives or scallions, crispy bacon bits, or grated Cheddar.

Makes about 6 cups

½ cup whole milk, room temperature
3 tablespoons unsalted butter, cut into 1-inch pieces, room temperature

6 tablespoons cold, unsalted butter, cut into ½-inch cubes
²⁄³ cup cooked mashed or puréed sweet potato (about 1 small sweet potato)
½ cup buttermilk, cold

1. Preheat oven to 400°F with the rack in the middle position.
2. Put the flour, baking powder, baking soda, sugar, and salt into a large mixing bowl. Mix on Speed 1 to fully sift. Add the cold butter. Begin to mix on Speed 1, pressing the beaters into the cubes of butter to cut them into the flour. Gradually increase to Speed 3. Mix until only pea-sized pieces of butter remain.
3. Add the sweet potato and buttermilk. Continue to mix until just combined, 15 to 30 seconds. The dough will be shaggy.
4. Turn out the dough onto a lightly floured surface. Roll it out, or press with floured hands, into a rectangle. Fold the dough in half and roll out/press again, repeating this process 3 or 4 times (folding creates layers in the dough). At last, roll the dough into a rectangle of ¾-inch thickness. Use a 2½-inch round cutter to cut out 12 biscuits, pressing together scraps if necessary.
5. Arrange the biscuits tightly in 3 rows of 4 on a parchment-lined sheet pan. Brush the tops with heavy cream. Bake biscuits until puffed and golden, 20 to 22 minutes.
6. Allow biscuits to rest for 5 minutes. Pull apart and serve warm.

**Lemon Thyme Shortbread**
While thyme may seem like an unlikely ingredient for a sweet cookie, you will quickly learn why these are so popular.

Makes about 3 dozen cookies

**Cookie Dough:**
1¾ cups unbleached, all-purpose flour
½ teaspoon kosher salt

16 tablespoons (2 sticks; ½ pound) European-style, unsalted butter, room temperature and cut into 8 pieces
¾ cup granulated sugar
¼ cup confectioners' sugar, sifted
2 large egg yolks, room temperature
1 to 2 tablespoons fresh thyme leaves
2 tablespoons grated lemon zest

**Lemon Icing:**
½ cup confectioners' sugar, sifted
2 tablespoons heavy cream
2 teaspoons fresh lemon juice
Pinch fine sea salt

1. Put the flour and salt in a medium mixing bowl. Mix on Speed 1 to fully combine, about 30 seconds. Reserve.
2. Put the butter into a large mixing bowl. Mix on Speeds 2 to 3 until creamy, then add the sugars. Mix on Speeds 2 to 3 until light, then add the egg yolks and mix until combined. Add the dry ingredients and mix on Speed 2 until evenly mixed. Add the thyme and lemon zest and mix to gently incorporate into dough.
3. Divide dough into two discs. Wrap in wax paper/parchment, then wrap well in plastic wrap, and refrigerate overnight.
4. Take dough out of fridge to soften slightly. Preheat oven to 350°F with two racks in the lower and upper middle positions. Line two rimmed baking sheets with parchment paper.
5. Roll dough out to ¼-inch thickness and use a 1½-inch round cutter to form small
discs. Put onto baking sheets and chill for about 10 minutes.

6. Bake chilled cookies for about 12 minutes, until just browned around the edges, rotating pans if necessary. Cool cookies completely.

7. While cookies are cooling, prepare the icing. Put all of the ingredients into a medium mixing bowl and mix on Speed 1 until very smooth. If the icing appears to be too thick, add more cream, 1 teaspoon at a time. If it appears to be too thin, add more confectioners’ sugar, 1 teaspoon at a time. Spread on top of cooled cookies as desired.

4. Take dough out of fridge to soften slightly. Preheat oven to 350°F with two racks in the lower and upper middle positions.

5. Roll dough out to ¼-inch thickness and use a 1½-inch round cutter to form small discs. Put onto baking sheets and chill for about 10 minutes.

6. Bake chilled cookies for about 12 minutes, until just set, rotating pans if necessary – you want to avoid browning of any kind. Cool cookies completely.

7. While cookies are cooling, prepare the filling. Put the butter and cream cheese into a large mixing bowl. Mix on Speeds 2 to 3 and fully combine, about 1 minute. Add the sugar, salt, milk, and vanilla extract and mix on Speeds 1 to 3 until light and fluffy. Add the ground strawberries and mix on Speed 1 until fully combined.

8. Once cookies are fully cooled, scoop filling onto the bottom of one cookie, about 1 tablespoon, and then top with another cookie to make a sandwich. Repeat with remaining cookies.

2 cups unbleached, all-purpose flour
1½ teaspoons kosher salt
½ teaspoon ground cinnamon

Gluten-Free (and Vegan!)
Golden Cupcakes with Dairy-Free Vanilla Frosting
Unlike our muffin recipe that uses a gluten-free flour blend, here we call for individual ingredients that are now easily found in most grocery stores.

Makes 12 standard cupcakes
Nonstick cooking spray
2 cups sorghum flour
1 cup potato starch
½ cup arrowroot starch
1 tablespoon baking powder
½ teaspoon baking soda
1 teaspoon xanthan gum
1 teaspoon kosher salt
1½ cups agave nectar
½ cup olive oil
¾ cup butternut squash purée, room temperature
2 tablespoons pure vanilla extract
1 teaspoon white vinegar

1. Preheat oven to 350°F. Lightly coat a standard cupcake pan with cooking spray. Cupcake liners may be used (these may also be sprayed, so that the liners cleanly come off the cupcakes).
2. Put the flour, starches, baking powder, soda, xanthan gum, and salt into a large mixing bowl. Mix on Speed 1 to sift the ingredients together, about 30 seconds.
3. With the mixer running on Speed 2, add the remaining ingredients, in the order listed, and mix until all ingredients are incorporated. Scrape the entire bowl to ensure all of the ingredients are evenly combined, and mix for an additional 20 seconds if necessary.
4. Scoop batter into the prepared cupcake pan. Bake until golden and a cake tester comes out clean, about 20 to 22 minutes. Remove from oven, cool in pan on a wire rack until cool to touch, then transfer cupcakes to a wire cooling rack to cool completely before frosting.

**Sour Cream Cheesecake**

This recipe is rather straightforward. While it is simple, it can be elevated by topping with fresh or cooked fruit, chocolate shavings, or chopped cookies.

Makes one 8-inch (springform pan) cheesecake, 12 servings

1 tablespoon unsalted butter, room temperature
Graham Cracker Crust:
1 cup graham cracker crumbs
2 tablespoons granulated sugar
¼ teaspoon ground cinnamon
4 tablespoons (½ stick) unsalted butter, melted and cooled slightly

1. Preheat oven to 325°F with the rack in the lower third of the oven. Coat the inside of an 8-inch springform pan with the tablespoon of butter. Reserve.

2. Prepare the crust. Put cracker crumbs, sugar, cinnamon, and melted butter in a small mixing bowl. Mix on Speed 2 until the mixture comes together. Pat crumb crust evenly into the bottom of the prepared springform pan, using the bottom of a glass, if necessary, to make it even. Put in the preheated oven and bake for about 8 to 10 minutes, until the crust is just set. Allow to cool while preparing the filling.

3. Wipe the beaters of crumbs. Put the cream cheese into a large mixing bowl. Starting on Speed 1 and increasing to Speed 4, mix until very smooth – you want to be sure there are no lumps. Scrape the mixing bowl and beaters. While mixing on Speed 2, gradually add the sugar, about ¼ cup at a time, and the salt, mixing until very smooth. Add the eggs, one at a time, mixing on Speeds 2 to 3, being sure each is fully incorporated into batter before adding the next. Scrape down the bowl and beaters and then add the sour cream

1/4 cup granulated sugar
3 tablespoons unsweetened cocoa powder
2 1/2 tablespoons cornstarch
1/4 teaspoon kosher salt
3 cups half & half
3 large eggs, lightly beaten
4 ounces semisweet chocolate, chopped

Topping:
2 cups heavy cream, well chilled
1/4 cup plus 2 tablespoons granulated sugar

Make the crust:
1. Preheat oven to 350°F with the rack in the middle position.
2. Put the cookie crumbs and melted butter into a medium mixing bowl. Mix on Speeds 1 to 2 to fully combine. Transfer crumb mixture to a 9-inch pie plate. Press evenly into the bottom and sides.
3. Bake in preheated oven for 10 to 15 minutes, until crumb crust is fully set. Cool completely before filling.

Make the filling:
4. Put the sugars, cocoa powder, cornstarch, and salt into a large, wide saucepan. Mix on Speed 1 to combine. While still mixing on Speed 1, gradually add the half & half, and then the eggs and continue to mix until completely smooth.
5. Set the pan over medium-low heat, mixing occasionally on Speeds 1 to 2 to prevent the mixture from overcooking – do not leave the pot unattended.
6. Allow the mixture to heat gradually, until just about boiling. At this point, the mixture will get quite thick. Continue to mix on Speed 1, and when thickened, remove from heat. Whisk in the chopped chocolate and butter until completely incorporated. Strain the filling through a fine mesh strainer and then transfer the strained filling into the cooled crust. Cover the filling directly with wax paper or plastic wrap so that the filling does not form a skin. Chill in the refrigerator until set.
7. After the filling is well chilled and ready to serve, prepare the whipped cream. Put the cream into a large mixing bowl. Start whipping cream on Speed 1, gradually increasing to Speed 3 for about one minute, so that the cream has some body. Add the sugar and continue to whip to Speed 4, until cream holds medium-stiff peaks that have formed.
8. Top the pie evenly with the whipped cream and garnish with chocolate curls prior to serving.

Royal Icing
This icing is great for decorating sugar cookies or cakes. You can add food coloring to color it or extracts to flavor it.

Makes 1½ cups

4 cups (1 pound) confectioners’ sugar, sifted
2 large egg whites, slightly beaten
1 tablespoon whole milk
1 teaspoon fresh lemon juice

1. Put the sugar into a large mixing bowl. Start mixing on Speed 1, and then slowly add in the egg whites until fully incorporated, about 1 minute.
2. While the mixer is still running, add the milk and lemon juice and mix until fully incorporated. Scrape the entire bowl as necessary. Continue mixing until soft peaks form, about 2 minutes.
3. Use immediately or cover the bowl with a damp cloth so the icing does not harden. If using coloring or a flavoring extract for the icing, add it with the milk and lemon juice.

CALIFORNIA RESIDENTS ONLY

California law provides that for In-Warranty Service, California residents have the option of returning a nonconforming product (A) to the store where it was purchased or (B) to another retail store that sells Cuisinart products of the same type. The retail store shall then, according to its preference, either repair the product, refer the consumer to an independent repair facility, replace the product, or refund the purchase price less the amount directly attributable to the consumer’s prior usage of the product. If neither of the above two options results in the appropriate relief to the consumer, the consumer may then take the product to an independent repair facility, if service or repair can be economically accomplished. Cuisinart and not the consumer will be responsible for the reasonable cost of such service, repair, replacement, or refund for nonconforming products under warranty. California residents may also, according to their preference, return nonconforming products directly to Cuisinart for repair or, if necessary, replacement by calling our Consumer Service Center toll-free at 800-726-0190. Cuisinart will be responsible for the cost of the repair, replacement, and shipping and handling for such nonconforming products under warranty.
