Safety instructions

1.2 This user manual
This user manual is an integral part of these accessories and must therefore be kept in its entirety and in an accessible place for the whole working life of the accessories.

1.3 Intended use
• These accessories are designed exclusively for home use.
• Use these accessories only in combination with the same manufacturer’s stand mixer.
• Use the accessories indoors.
• The pasta roller can be used to roll out the pasta to the required thickness.
• The long pasta accessories can be used to cut the pasta into different shapes (tagliatelle, tagliolini, fettuccine and spaghetti).
• Do not use the accessories for anything other than their intended use.
• These accessories may not be used by people (including children) of reduced physical and mental capacity, or lacking in experience in the use of electrical appliances, unless they are supervised or instructed by adults who are responsible for their safety.
1.4 General safety instructions

Follow all safety instructions in order to use the accessories safely.

• Before using the accessories, read both this manual and the manual supplied with the stand mixer carefully.
• Do not use the accessories if they are damaged.
• Do not use the accessories if the stand mixer power cord or the plug is damaged, or if the stand mixer has been dropped or is damaged in any manner.
• Do not leave the accessories unattended during use.
• Do not modify the accessories.
• Do not try to repair the accessories yourself or without the assistance of a qualified engineer.
• In the event of a fault, repairs should only be carried out by a qualified engineer.
• Never try to put out a fire or flames with water: turn off the appliance and remove the plug from the socket, and smother the flames with a fire blanket or other appropriate cover.
• Children must never play with these accessories. Keep the accessories out of the reach of children.

For these accessories

• Turn off the stand mixer before fitting or removing the accessories.
• Do not touch moving parts while the appliance is operating. Keep hands, hair, clothing, spoons, spatulas and other objects at a safe distance from the accessories to avoid personal injury and/or damage to the stand mixer and its accessories.
• Only use original standard and optional accessories provided by the manufacturer. The use of non-original standard and optional components and accessories could lead to personal injury or damage to the appliance and its accessories.
• Do not remove accessories while the stand mixer is operating. Check that the speed selector is in the 0 (OFF) position.
• Let the stand mixer cool down before cleaning.
• Do not use harsh detergents or sharp scrapers to clean the accessories.
• Do not place objects on top of the accessories.
• Keep a close eye on children and ensure they do not play with the accessories.
1.5 Manufacturer liability
The manufacturer shall not be held responsible for personal injuries or property damage caused by:
• Use of the accessories for purposes other than those envisaged
• Not having read the user manual
• Tampering with any part of the accessories
• Use of non-original spare parts
• Not following the safety instructions

1.6 Disposal
Old appliances do not belong in household waste! To comply with current legislation, old appliances, having reached the end of their useful lives, should be taken to a disposal facility where they can be sorted. In this way, any valuable material contained in the old appliances can be recycled, helping to protect the environment. The relevant local authorities or their waste disposal operators can provide further information.

Our accessories are packed in non-polluting and recyclable materials.
• Dispose of the packing materials at an appropriate disposal facility.

Plastic packaging
Danger of suffocation
• Do not leave the packaging or any part of it unattended.
• Do not let children play with the plastic bags.

1. Follow the tips given in section “Tips for perfect pasta dough” when preparing the pasta dough.

2. Cut the pasta dough into pieces approximately 1 cm thick.

3. Pull the knob (7) in the direction shown by the arrow A to release it, then turn it to the ‘1’ position.

### Risk of food poisoning

- Do not leave ingredients subject to spoilage such as eggs, dairy, etc. outside the fridge for more than one hour.
4. Let go of the knob (7) and ensure that it locks in position by checking it is correctly engaged in its housing.

5. Sprinkle flour between the rollers (8).

6. Insert the stand mixer plug into the power socket.

7. Move the stand mixer speed selector lever (9) to the ‘1’ position to start the rollers.

Moving parts
Danger of personal injury and damage to the appliance

• Do not touch the accessories while the appliance is running.
• Do not use the accessories for anything other than the uses specified.
8. Pass a piece of pasta through the rollers to roll it out.

9. Fold the pasta in two and insert it between the rollers again.

10. Select position ‘2’ with the knob. Pass the pasta between the rollers to roll it thinner. Continue to gradually reduce the space between the rollers, until you obtain pasta of the required thickness. (See “Pasta roller settings” for further details).

11. Move the stand mixer speed selector to the ‘0’ (OFF) position to stop it.

12. Once you have finished using the accessory, remove the plug from the power socket, remove the accessory from the attachment hub and replace the cover on the attachment hub.

Improper use
Risk of damage to the accessory

• Do not use the pasta roller to roll out or cut any kind of dough other than pasta dough.
3.4 Using the accessories for long pasta

Use the pasta roller to roll out the pasta to the thickness required for the type of pasta you wish to cut, as described in section “3.3 Using the pasta roller”.

1. Select the required long pasta accessory.

2. Follow the same procedure described in section “3.2 Fitting the pasta roller and accessories for cutting the pasta” to fit the accessories for long pasta.

3. Pass the pasta dough through the chosen pasta cutting accessory (1) in order to shape it into the required type of pasta.

4. Move the stand mixer speed selector to the ‘0’ (OFF) position to stop it.

Moving parts
Danger of personal injury and damage to the appliance

- Do not touch the accessories while the appliance is running.
- Do not use the accessories for anything other than the uses specified.
Use

Tips for perfect pasta dough

• Humidity, type of flour chosen and size of the eggs used can all influence the consistency of the pasta dough.

• The pasta dough should be firm and rough to the touch, but should also be malleable. It should not stick to your fingers or crumble.

• Pinch the pasta dough to check its consistency. If the dough remains compact and does not stick to your fingers, it is suitable. If this is not the case, add a little flour. If the pasta is crumbly, add a little water.

• Cut the sheets of pasta into two or more pieces before cutting them into fettuccine, tagliolini or spaghetti, as they will be difficult to manage if they are too long.

• The pasta may be cooked immediately after cutting.

Tips for preserving pasta

Freshly made pasta may be consumed immediately, or dried or frozen to be used at a later date.

• To dry the pasta, spread it out in a single layer on a tray or tea towel for approximately one hour and leave it to dry in the air. The dried pasta can be kept in an airtight plastic container.

• To freeze the pasta, let it dry in the air for approximately one hour, sprinkle it with flour and roll it up into nests. Then place it in an airtight plastic container and store it in the freezer.
4 Cleaning and care

4.1 Instructions

**Improper use**

**Risk of damage to surfaces**

- Do not place the accessories in water.
- Never wash in the dishwasher.
- Do not use steam jets to clean the accessories.
- Do not use cleaning products containing chlorine, ammonia or bleach.
- Do not use abrasive or corrosive detergents (e.g. powder products, stain removers and metallic sponges).
- Do not use rough or abrasive materials or sharp metal scrapers.

4.2 Cleaning the surfaces

To keep the surfaces in good condition, they should be cleaned regularly after use.

4.3 Ordinary daily cleaning

Use a soft cloth or a dry microfibre cloth to clean the surfaces.

4.4 Food stains or residues

Let the pasta roller and the long pasta accessories dry for at least one hour before removing any pasta residue. Use the supplied brush to remove any dry pasta residue.

You must never use sharp scrapers or knives, as these will damage the surface. Do not insert cloths or tea towels between the rollers to clean them.

4.5 Lubricating the mechanism

Lubricate the mechanism at least once a year, or every 50 uses.

Use a light mineral oil.

Apply a drop of mineral oil to the four corners of the rollers.
4.6 Extraordinary maintenance

For more thorough cleaning and to avoid proliferation of germs which could contaminate the pasta, disassemble the scrapers and clean the rollers of the long pasta accessories as follows:

1. Extract the lower scrapers (1) by pressing down on the milled parts (2) and moving the scraper sideways.

2. Insert the end (3) of the rod in the hole (4) of the scraper (5) and pull upwards.

3. Clean the pasta roller and the long pasta accessories using the supplied brush (6).

4. Refit the scrapers following the above procedure in reverse.

**Important**

- Before cleaning, leave the pasta cutting accessories to dry for at least one hour, then remove any dry pasta residue with the cleaning brush. If this is difficult, tap the accessory with your hand.
5 Recipes

**Wholewheat fettuccine**

**Ingredients:**
- 270g Wholewheat flour
