HESTAN

Sustainable in Every Way

From packaging made from 100% recycled materials, to sustainable manufacturing processes, Hestan is committed to helping the environment every day.

We're offering an exclusive gift with purchase when you recycle your old pots and pans and level up to cookware that lasts a lifetime.

How it works...

1. Purchase new Hestan cookware from Williams Sonoma, and recycle or donate your old, worn out cookware.

2. Complete the rebate form at https://hestanculinary.com/pages/recycle and submit copies of your Hestan purchase and donation receipts.

3. Receive an exclusive Hestan x Hedley & Bennett Essential Apron as a thank you for helping us promote sustainable cooking.
